

Dear Applicant:

Thank you for your interest in Alabama's Early Intervention System (AEIS). AEIS is a statewide, coordinated, and family-focused system for identification, eligibility determination, and early intervention services and supports for infants, toddlers, and their families. You will be considered for approval to provide services as a valuable team member in partnership with families and district staff. Our goal is to recruit highly qualified professionals to serve as evaluators and service providers. Regretfully, we are unable to consider those currently employed with the Alabama Department of Rehabilitation Services (ADRS) to provide early intervention services as a vendor.

The following information is about opportunities, service descriptions, training, and credentialing requirements. Part C federal and state regulations guide our policies and procedures. If approved, vendors work directly with DEICs and families in targeted areas that you identify. Vendors must provide timely services, written reports and progress notes to DEICs and protocols (if vendor provides evaluations) become the property of ADRS/EI. A fee schedule is included in this packet.

Approval of your application is not a contractual obligation; a vendor is requested to provide the specific service(s) for which they are approved at the discretion of the IFSP team, including the family and DEIC (functioning as service coordinator) to meet the child's and family's needs. This request is only made when established community EI programs cannot accept a referral. Vendor contacts may vary significantly depending on program availability and area served; there is no guarantee regarding caseload assignment. (Most vendors retain other work.) This agreement may be revoked by a vendor or AEIS for issues such as payment, training requirements, unsatisfactory service, or failure to adhere to Plan Services. Vendors must *acquire their own criminal background check* if they agree to serve children in daycares (please call local police department to inquire further).

Please read *ICC Approved Personnel Standards* (go to <https://rehab.alabama.gov/services/ei>) to view required trainings for all providers and to be certain you qualify for the service you want to provide. Return only required documents (or other supporting documentation for training or work)

- Vendor *application*
- Copy of current *licensure* if discipline requires one
- *Diploma, teacher certificate, and/or unofficial* transcript from four-year or post-graduate work
- *Certification Regarding Privacy, Security, and Confidentiality of Client Identification Data and Client Personal Health Information*
- W-9 form for tax purposes; please print from www.irs.gov
- *Confirmation of Services to Be Rendered*
- *"Revolving Door" Policy Statement*
- *Confirmation of Evaluator Standards Form (if applicable, and you must show additional training)*

Prior to submitting your vendor application, vendors must register with the Vendor Self Service (VSS). The VSS Portal is a website that will allow vendors to manage their account information, track payments, submit invoices, sign-up for EFT payments and receive notification of bids based on their commodity codes. In order to benefit from VSS Portal, vendors must activate or register an account at <https://procurement.staars.alabama.gov/>.

Important Note: Activation and Registration Guides are posted on the VSS Portal to help vendors through the activation and registration process. Vendors can go to the [vendor website](#) for more information on activating or creating their accounts. Vendors that need further assistance can contact the STAARS Support Desk directly at 334-353-9000, or they can email staars.support@finance.alabama.gov.

Vendor must also complete and submit the Central Resource Directory Form to the state office along with this application. See pages 74 and 75.

We recommend you return documents by mail (has confidential personal information). The approval process should take less than four weeks, but you will be notified if there are delays. An approval letter will follow by e-mail. Please contact me with questions at 334-293-7066.

Vendor applications are returned to:

Alabama Department of Rehabilitation Services
Early Intervention State Office
Attn: Shannon Foster
602 S. Lawrence St., Montgomery, AL 36104
or shannon.foster@rehab.alabama.gov

SERVICE DELIVERY: Vendors provide services (family training emphasis) to infants and toddlers within the context of routines and natural learning opportunities for families. This may include traveling to homes, child-care sites, or other community settings. Clinics, hospitals, or settings that serve only children with disabilities are not considered appropriate inclusive settings for serving most infants and toddlers in early intervention. Principles of service delivery are in accord with the AEIS Eight Core Values, also called "A Vital Message about AEIS" (see Vendor Information Packet). Service providers are allowed to work with primary caregivers in day cares without a DHR application to do so per DHR letter from Commissioner Buckner in 2010 clarifying EI providers are not subject to DHR regulations for typical day care employees. Effective November 2020, to provide virtual services, vendors are required to obtain a HIPAA Compliant platform and will be required to submit the signed business associate agreement (BAA) form to their local DEIC. (Examples: Zoom, WebEx, G Suites - Google Meets). Vendors will be responsible for providing their own electronic device to provide Early Intervention Services. All electronic devices must include an updated antivirus software approved by ADRS (once approved a DEIC will provide you with the current list).

VENDOR TRAINING: All approved vendors are required to complete an EI orientation with a DEIC unless they have substantial work experience with AEIS and/or have completed Journey 2 training (see Agreement). All AEIS vendors are required to attend Journey 2 within 6 months of initial employment and every 3 years thereafter. Contact Shannon.Foster@rehab.alabama.gov to register. Vendors are not reimbursed for travel or time at this training. To learn more, contact your DEIC. These trainings offer contact hours which can be applied to the Personnel Standard for non-licensed providers (e.g., developmental specialists). PT, OT, and SLPs meet this requirement by virtue of licensure.

EVALUATION QUALIFICATIONS: Evaluators approved to conduct eligibility determination must submit appropriate documentation regarding the following criteria (effective 10/1/09). (See Confirmation of Evaluator Standards Form in The Vendor Information packet)

- ☒ Meets personnel standards for one of the EI services.
- ☒ Had a *child development course that includes infants and toddlers* or completed the AEIS Developmental Specialist Certification/Mentorship process
- ☒ Had training or course work on specific tool(s) used and in conformity with test protocol requirements
- ☒ Has completed a minimum of 1 observation of a qualified evaluator administering the tool(s) and a minimum of 1 supervised administration of the tool(s).

VENDOR TRAINING FOR DEVELOPMENTAL SPECIALISTS: If you do not have an Early Childhood Special Education Certification (ECSE), Teacher of the Visually Impaired, or Teacher of the Hearing Impaired, you are required to complete additional training for special instruction services or family training. For conditional status developmental specialists or family training, completing the AEIS Developmental Specialist Certification/ Mentorship process is required. Once you are an approved vendor and have had training from your local District Early Intervention Coordinator, you may complete and submit the AEIS Developmental Specialist Certification/Mentorship application. Contact Shannon Foster, shannon.foster@rehab.alabama.gov, for approval/entrance into the workshop. For *conditional status developmental specialists*, a vendor may provide service while completing training requirements. **Per AEIS Personnel Standards, all conditional status developmental specialists are required to complete the AEIS Developmental Specialist Certification/ Mentorship process within 6 months of being approved as a vendor.**

Developmental Specialist Mentorship must be supervised by an approved mentor (currently approved DS who completed workshop or other accepted training: may be in an EI program or is also a vendor). A mentor has responsibilities that may impact a vendor if not completed in a timely manner, so expectations should be clearly defined in advance of selecting a mentor. It is a vendor's responsibility to locate a mentor who meets the qualifications outlined in the DS Application for Participation. If needed, your local District Early Intervention Coordinator can assist you with obtaining a mentor to complete your training requirements.

GIFTS II: Including in your training from your local District Early Intervention Coordinator, you will receive training on the GIFTS II System. You will not be able to provide vendor services until this training is completed. All vendors are required to complete the GIFTS Utilization Agreement Form and the AEIS Staff Table Entry Form before being granted access to the GIFTS II system. Please submit your GIFTS Utilization Agreement Form and the AEIS Staff Table Entry Form to Randelle Luster, randelle.luster@rehab.alabama.gov.

MEDICAID BILLING AND PROVIDER NOTES: AEIS has an EI/Medicaid partnership for billing services. This means that district offices bill Medicaid for EI services conducted by highly qualified individuals. An approved vendor and DEIC should discuss

details of required communication and documentation. Vendors document child's progress on the AEIS progress note format; other documentation forms are not accepted. Once approved as an AIES Vendor, you will meet with a DEIC to receive training on how to document appropriately.

AEIS VENDOR OUTSIDE EMPLOYMENT PROGRAM APPROVAL

Effective March 1, 2025. All vendors who are currently employed full-time by an early intervention program must complete the AEIS Vendor Outside Employment Program Approval form. It is the requirement of AEIS that a program supervisor must sign this form (see page 76). This form must be submitted with the vendor application. Your vendor application packet will be denied without submission of this form.

CENTRAL RESOURCE DIRECTORY (CRD): Alabama's Early Intervention System has a statewide resource directory to assist families and community providers in locating resources for eligible infants and toddlers. The directory includes public and private service providers, professionals, family support organizations, and other groups. Approved vendors' names are added to the CRD. Inclusion in the directory does not imply endorsement for private business by the Alabama Department of Rehabilitation Services or its affiliated early intervention programs. To access the CRD, go to <https://rehab.alabama.gov/services/ei>. Please submit your Central Resource Directory form to Randelle Luster, randelle.luster@rehab.alabama.gov.

CONFIRMATION OF EVALUATOR STANDARDS

If you consider yourself an evaluator but do not have an Early Childhood Special Education Degree, please have a mentor sign this document (mentoring is included in the AEIS Developmental Specialist Certification/Mentorship process). If you do not plan to provide special instruction services and prefer to do only evaluations, you must ensure that a trainer-mentor signs this form or submit a college transcript which clearly reflects that evaluator training was part of coursework.

Otherwise, please return this form with the following documentation:

1. unofficial college transcript indicating coursework in child development and evaluations OR a college diploma specifying a degree in Early Childhood Special Education (must be equivalent to ECSE)
2. documentation of experience conducting developmental evaluations

As an applicant requesting to provide evaluations for AEIS, you must meet standards (a)-(d) below.

AEIS PERSONNEL STANDARDS:

- (a) Meets personnel standards for one of the EI services.
- (b) Has had a child development course that includes infants and toddlers and has completed the Developmental Specialist Core Curriculum training
- (c) Has had training or course work on the specific tool(s) to be used and is in conformity with test protocol requirements for administering the test.
- (d) Has completed a minimum of 1 observation of a qualified evaluator administering the tool(s) and a minimum of 1 supervised administration of tool(s).

Certification Regarding Privacy, Security and Confidentiality of Client Identification Data and Client Personal Health Information

This section of agreement/contract establishes the fundamental rules and requirements for the protection of client identification data and client personal health information.

The **contractor** agrees to establish appropriate administrative, technical, and physical safeguards to protect the confidentiality of the client data and to prevent unauthorized use or access to it in accordance with 42 CFR 431.300 et seq.

The **contractor** represents and warrants further that, except as specified in this document or except as authorized in writing, it will not disclose, release, reveal, show, sell, rent, lease, loan or otherwise grant access to client identifying data or client personal health information to any person or entity. Access to the data covered by this agreement shall be limited to the minimum number of individuals necessary to achieve the purpose stated in this agreement and to those individuals on a need-to-know basis only.

The **contractor** shall not permit access to ADRS data for third parties, nor assign or delegate duties described herein to third parties without the prior written agreement of the ADRS. All third parties are prohibited from the independent use of information, statistics, project results, and reports prepared pursuant to this agreement without the prior written approval of the Commissioner of the ADRS. All proposed publications of any kind that use the data generated by this exchange of information must receive prior written approval from the commissioner of the ADRS before they are published.

Any disclosure of information by the **contractor** must be approved in advance by the Commissioner of the ADRS and then only to individuals expressly authorized to review such information under federal or state laws. If the **contractors**, employees, subcontractors or agents, discloses or attempts to disclose confidential information it is understood that an injunction may be obtained to prevent that disclosure as well as any other remedies at law that may be available.

When deemed necessary by the ADRS, all client identifying information and personal health information provided to the **contractor** by the ADRS must be returned to the ADRS.

Compliance

It is the responsibility of the **contractor** to take all reasonable steps to ensure compliance with the conditions set out in this agreement, and to ensure that unacceptable use of client identification and client personal health data does not occur.

The **contractor** shall comply with the provisions of the Health Insurance Portability and Accountability Act of 1996 and any implementing regulations as adopted. The Health information Portability and Accountability Act (HIPAA) requires the securing of client personal health information and the non-retrievable destruction of client personal health information when no longer needed. Contractor staff must be pro-active in safeguarding trusted client information. Failure to comply with the aforementioned Act can bring severe civil and criminal liabilities. Section 1176 mandates penalties of up to \$25,000 per person per standard per year. Section 1177 mandates penalties of up to \$250,000 and imprisonment of not more than 10 years for infractions of privileged data covered under the act.

Additionally, it is incumbent upon the **contractor** to inform its officers and employees of penalties for improper disclosure implied by the Privacy Act of 1974, 5 U. S. C. 552a. Specifically, 5 USC 552A (l) (1), which is made applicable to contractors by 5 U. S. C. 552a (m) (1), provides that any officer or employee of a contractor, who by virtue of his/her employment or official position, has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material is prohibited, willfully discloses that material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000.

Each officer or employee or the **contractor** or its **subcontractors** or agents to whom Social Security information is or may be disclosed shall be notified in writing that such information can only be used for authorized purposes and to that extent and any other unauthorized use herein constitutes a felony punishable upon conviction by a fine of as much as \$5,000.00 or imprisonment for as long as five years, or both, together with the cost of prosecution. ADRS shall also notify each individual that further disclosure of Social Security information may also result in an award of civil damages against the officer or employee in an amount not less than \$1,000.00 with respect to each instance of unauthorized disclosure. These penalties are prescribed by IRC Section 7213 and 7431 and set forth at 26 CFR 301.6103(n).

Right to Audit

The ADRS reserves the right to audit any organization's implementation of, and/or adherence to the requirements, as stated in this agreement. This includes the right to require that any organization utilizing the Internet for transmission of sensitive information submit documentation to demonstrate that it has met the requirements contained in this agreement.

ATTACHMENT

PART C STATEMENT OF UNDERSTANDING

Alabama is committed to implementing a statewide, community-based, interagency, coordinated, family-centered, multidisciplinary system of services for all eligible infants and toddlers from birth to three years of age and their families. This commitment is evident from Alabama's acceptance of funds in the Part C Federal Program authorized by the Individuals with Disabilities Education Act (IDEA), appointment of the Interagency Coordinating Council (ICC), designation of the Alabama Department of Rehabilitation Services as the Lead Agency, adoption of state administrative regulations, and passage of the State Early Intervention Act for Infants and Toddlers with Disabilities.

Alabama's Early Intervention System provides any one or more of the following seventeen (17) deliverable services to eligible infants and toddlers with disabilities and their families: Assistive Technology Services, Audiology, Family Training, Counseling, and Home Visits, Health, Medical, Nursing, Nutrition, Occupational Therapy, Physical Therapy, Psychological Services, Service Coordination, Social Work, Special Instruction, Speech-Language Pathology, Transportation and Related Costs, Vision Services and Cued Language/Sign Language.

*Interpretation Services are also provided when necessary.

The Lead Agency/Division of Early Intervention has established a fee schedule for vendor reimbursement if Medicaid or private insurance cannot be billed. THE VENDOR'S AGREEMENT TO ACCEPT PART C ELIGIBLE INFANTS AND TODDLERS AND THEIR FAMILIES CONSTITUTES THE ACCEPTANCE OF EARLY INTERVENTION REIMBURSEMENT AS FULL PAYMENT FOR SERVICES RENDERED WHEN SERVICES ARE NOT BILLED TO MEDICAID. FEDERAL LAW PROHIBITS ANY ADDITIONAL CHARGES TO THE FAMILY FOR SERVICES BY THE VENDOR. (SEE ENCLOSED PART C VENDOR FEE SCHEDULE.)

Many eligible infants and toddlers and their families are served through Alabama's Early Intervention System (AEIS) each year. Cooperating vendors are accepting of our remuneration as a public service throughout the state.

By applying for approval as a Part C vendor, the applicant authorizes contact with licensing/certification board(s) concerning past or current licensure/certification.

A vendor agrees to provide quality documentation for completed services to the DEIC prior to payment. If a vendor fails to provide required documentation for payment, results may include but may not be limited to non-payment for services and/or removal from the vendor list.

STATEMENT OF PART C ASSURANCES

As directed under the Individuals with Disabilities Education Act, and the State Early Intervention Statue, § 21-3A, all vendors of Early Intervention services shall be responsible for meeting all policies, procedures, and standards adopted by the State in providing Early Intervention services to eligible infants, toddlers, and their families.
(See enclosed State Statute, § 21 – 3A.)

I VOLUNTARILY AGREE TO THE FOLLOWING ASSURANCES:

- I. GENERAL:
 - A. To provide services for Part C eligible infants and toddlers which meet the State's eligibility criteria.
 - B. To abide by the policies established by the State of Alabama to govern the Early Intervention System in regard to:
 - Child Find
 - Central Resource Directory
 - Comprehensive System of Personnel Development
 - Procedural Safeguards
 - Policies and procedures related to financial matters
 - Procedures for resolving complaints
 - Resolution of disputes
 - Policy for contracting or otherwise arranging for services
 - C. To assist in data collection for AEIS by providing required information.
 - D. To cooperate fully with monitoring procedures which are required elements of Alabama's Early Intervention System (AEIS).
 - E. To participate with the AEIS Child Find Component to identify, locate, and evaluate Alabama's infants and toddlers who may be eligible for early intervention services.
 - F. To assure that complete records are kept for five years plus the current year to substantiate that expenditures billed to Lead Agency were accurate. However, if the audit litigation or other legal action by or on behalf of the State or Federal Government has begun but is not completed at the end of the five-year period, the records shall be retained until resolution. Such records shall be kept in a form that facilitates the establishment of an audit trail in the event such items are audited. The vendor agrees to retain and make accessible for audit original and supporting documents to substantiate expenditures.
 - G. To reimburse the Lead Agency for any penalties, disallowances or loss of recoupment of funds from the Lead Agency by the State or Federal Government as a result of any condition of non-compliance with state/federal program requirements for which noncompliance is due to any erroneous or insufficient action by the vendor. The vendor further agrees to reimburse additional expenses incurred by the Lead Agency, including staff time and other cost, resulting from such action or inaction when such expense is incurred due to necessary corrective actions in response to actual or potential State/Federal recoupment. The resolution of all audit exceptions shall be the responsibility of the vendor.
 - H. To assure that all records shall be available for review and audit during regular business hours at any time by State, Federal, or Lead Agency representatives.
 - I. To submit timely and accurate claims and provide supporting documentation as required and instructed by the Lead Agency and to provide the DEIC service coordinator with regular progress reports on request prior to payment.

- J. To accept Medicaid reimbursement for Medicaid eligible infants and toddlers for all EI services which are reimbursable.
- K. To assure that all professionals or paraprofessionals employed to provide early intervention services under Part C meet the ICC approved **Standards for Serving Young Children with Disabilities and Their Families in Alabama.**
- L. To provide evaluation and/or assessment, vendor will:
 - (1) Abide by the State's current policies and procedures regarding evaluation and assessment to meet the required 45-day timeline for eligibility determination and IFSP development.
 - (2) Utilize the current AEIS reporting format for Evaluation and Assessment and meet the protocol criteria for administering the formal instrument(s).
 - (3) Participate in the process of teaming, developing, implementing, and reviewing the Individualized Family Service Plan (child's written service plan).
 - (4) Abide by the State's current policies and procedures regarding Individualized Family Service Plans (IFSP).
 - (5) Team with other discipline professionals, families and the service coordinator to ensure effective communication between all team members and ensure procedural safeguards..
- M. To participate in the process of developing, implementing, and reviewing the Individualized Family Service Plan (child's written plan).
- N. To abide by the state's current policies and procedures regarding Individualized Family Service Plans (IFSP).
- O. To provide the family's service coordinator with regular progress reports on services.

***AEIS reserves the right to remove a vendor from the list based on infractions of AEIS policies/procedures, which can include but may not be limited by valid family complaints (state office will review). If a vendor is not utilized within two (2) years, he or she will be removed without prior notice from the list and required to resubmit a new application for reconsideration.*

Chapter 3A. EARLY INTERVENTION FOR INFANTS AND TODDLERS WITH DISABILITIES.

NOTES

Effective date

The act, which added this chapter, became effective August 31, 1993.

§ 21-3A-1. Short title.

§ 21-3A-4. Composition; appointment and duties of member

STATUTORY TEXT

- (a) For the purposes of implementing this chapter, the Governor shall appoint the Interagency Coordinating Council. The council shall consist of not less than 15 members not more than the number allowed by regulation.
- (b) The governor shall designate a member of the council to serve as the chair or shall require the council to designate a member to serve as the chair.
- (c) The council shall be composed as follows:
 - (1) At least 20 percent of the members shall be parents, including minority parents, of infants and toddlers with disabilities or children with disabilities aged 12 or younger. At least one member shall be a parent of an infant or toddler with a disability or a child with a disability aged 6 or younger.

- (2) At least 20 percent of the members shall be public or private providers of **early intervention** services.
- (3) One representative from the Alabama Legislature.
- (4) One person involved in personnel preparation
- (5) The directors of the appropriate agencies involved in the provision of or payment for **early intervention** services to eligible infants, toddlers, and their families, or their designated representative. These agencies include, but not limited to, each of the following:
 - a. Alabama Department of Education
 - b. Alabama Department of Human Resources
 - c. Alabama Department of Insurance
 - d. Alabama Department of Mental Health and Mental Retardation
 - e. Alabama Department of Public Health
 - f. Alabama Department of Deaf and Blind
 - g. Alabama Medicaid Agency
 - h. Others selected by the Governor, which may include a representative of the local coordinating councils.
- (d) The seven enumerated directors of state agencies or their designees shall serve ex officio. All other appointments shall be made by the Governor with initial staggered terms and subsequent terms of two years.
- (e) The council shall meet at least quarterly. Meetings shall be open to the public.
- (f) The council shall advise and assist the lead agency in the performance of its responsibilities consistent with its role in federal law, regulations, and state policy.
- (g) No member of the council shall cast a vote on any matter, which would provide direct financial benefit to that member or otherwise give the appearance of a conflict of interest under state law.
- (h) The Governor shall designate an executive committee, composed of the seven enumerated directors of the state agencies and at least two family members represented on the Interagency Coordinating Council, as the policy making body for the **early intervention** program. Its authority to set policy is limited those broad policy area which the executive committee or Interagency Coordinating Council has identified as having significant impact on the **early intervention** system, policies, and funding of the respective agencies. The policies shall be adopted only after deliberation and consultation with the Interagency Coordinating Council. The executive committee shall have each of the following duties:
 - (1) Ensure interagency collaboration and mutual sharing of information to facilitate policy decisions and implementation of the comprehensive statewide system of **early intervention** services.
 - (2) Assure the development of a state plan to coordinate available resources related to **early intervention**.
 - (3) Identify areas of duplicative or fragmented public policies and regulations, which may require modification or amendment, and plan action directed at those issues.
 - (4) Resolve interagency disputes.
 - (5) Provide for coordinated program planning and joint budget development related to **early intervention** services based on the studies and recommendations of the council.
 - (6) Assign financial responsibility among appropriate agencies. (Acts 1993, 1st Ex. Sess., No. 93-920, p. 224, §4.)

§ 21-3A-5. **Early Intervention** services.

STATUTORY TEXT

To the extent required by and consistent with Part C of Public Law 99-457 as amended, (20 U.S.C. §§1471 to 1485, inclusive), and its implementing regulations, a statewide system of coordinated comprehensive, multidisciplinary, interagency services providing appropriate **early intervention** services to all eligible infants and toddlers and their families shall include the required minimum components under federal law. (Acts 1993, 1st Ex. Sess., No. 93-920, p. 224, §5.)

§ 21-3A-6. Duties of local coordinating council.

STATUTORY TEXT

The statewide system shall be implemented at the local level through local coordinating councils. The local coordinating council shall focus on the development of a formal, working team or agency involving parental and other representatives who regularly meet to perform each of the following duties:

- (1) Develop a common information base.
 - (2) Eliminate unnecessary duplication of services.
 - (3) Develop a local plan.
 - (4) Coordinate local or regional **early intervention** services.
 - (5) Identify gaps in service.
 - (6) Collaborate on utilization of resources.
 - (7) Facilitate delivery of service to all eligible infants, toddlers, and their families. (Acts 1993, 1st Ex. Sess., No. 93-920, p. 224, §6.)
-

§ 21-3A-7. Duties of lead agency.

STATUTORY TEXT

- (a) The lead agency shall be responsible for general administration, supervision, and monitoring of programs and activities within the **early intervention** system, including coordination of all available financial resources within the state from federal, state, local, and private sources, and other responsibilities as detailed in federal law.
 - (b) All providers of **early intervention** services shall be responsible for meeting all policies, procedures, and standards adopted by the state in providing **early intervention** services to eligible infants, toddlers, and their families. All participating agencies shall cooperate with the lead agency in meeting these responsibilities. (Acts 1993, 1st Ex. Sess., No. 93-920, p. 224, §7.)
-

§ 21-3A-8. Evaluations; assessments.

STATUTORY TEXT

- (a) Upon full implementation of the **early intervention** system, eligible infants and toddlers, and their families shall receive each of the following:
 - (1) A comprehensive, multidisciplinary evaluation and assessment of the needs of the infant and toddler and the resources, priorities, and concerns of the family, and the identification of services to meet these needs.
 - (2) An explanation of the evaluation and assessment and all service options in the native language of the family and other accommodations as may be necessary to assure meaningful involvement in the planning and implementation of all services provided under this chapter. The explanation shall accommodate for cultural differences.
 - (3) A written individualized family service plan developed according to the recommendations of a multidisciplinary team with the parents as fully participating members of the team.
 - (4) The services outlined in the individual family service plan, which, at a minimum, shall include service coordination.
 - (5) Procedural safeguards outlined in the regulations.
- (b) The individualized family service plan shall serve as the singular comprehensive service plan for all agencies and service providers involved in providing **early intervention** services to the eligible infant or toddler and the family. (Acts 1993, 1st Ex. Sess., No. 93-920, p. 224, §8.)

§ 21-3A-9. Use of funds appropriated for early intervention services.

STATUTORY TEXT

Any federal funds made available to the state through Part C of Public Law 99-457, as amended, (20 U.S.C. §§1471-1485, inclusive), and any additional state funds appropriated for early intervention services shall not be used to satisfy a financial commitment for services that would otherwise have been paid for from another public or private source but for the enactment of Part C of Public Law 99-457, as amended, (20 U.S.C. §§1471 to 1485, inclusive). Funds under this part shall only be used for early intervention services that an eligible child needs but is not currently entitled to under any other federal, state, local, or private source.

All public agencies named in this chapter shall comply with Part C of Public Law 99-457, as amended, (20 U.S.C. §§1471 to 1485, inclusive), and its implementing regulations. The public agencies shall participate in the funding of the early intervention system as detailed in each agency's agreement with the lead agency. The lead agency shall present an annual budget request to the Legislature that is developed in conjunction with and through coordination with the named public agencies. (Acts 1993, 1st Ex. Sess., No. 93-920, p. 224, §9.)

§ 21-3A-10. Furthering purpose and policy.

STATUTORY TEXT

This chapter shall be interpreted to be consistent with and further the purpose and policy of Part C of Public Law 99-457, as amended, (20 U.S.C. §§1471 to 1485, inclusive), its implementing regulations, and any subsequent amendments to the law and its implementing regulations. (Acts 1993, 1st Ex. Sess., No. 93-920, p. 224, §10.)

§ 21-3A-11. Implementation. Repealed by Acts 1997, No. 97-418, §1, effective May 14, 1997.

AUDIOLOGY SERVICES

Audiology includes:

1. Identification of children with auditory impairment, using at-risk criteria and appropriate audiologic screening techniques;
2. Determination of the range, nature, and degree of hearing loss and communication functions, by use of audiological evaluation procedures;
3. Referral for medical and other services necessary for the habilitation or rehabilitation of children with auditory impairment;
4. Provision of auditory training, aural rehabilitation, speech reading, and listening device orientation and training, and other services;
5. Provision of services for prevention of hearing loss;
6. Determination of the child's need for individual amplification, including selecting, fitting, and dispensing appropriate listening and vibrotactile devices, and evaluating the effectiveness of those devices.

AEIS has in place a statewide resource directory to assist families and community providers in locating resources for infants and toddlers with developmental delays. This directory includes public and private service providers, early intervention professionals, family support organizations and other groups that provide services to infants and toddlers with disabilities and their families in Alabama.

The AEIS directory includes information on the nature and scope of services available, the addresses and telephone numbers for the organizations, programs or persons listed, and other pertinent information. Inclusion in the directory does not imply an endorsement by the Alabama Department of Rehabilitation Services or its affiliated early intervention programs, but the directory is an important tool for families and others to find out more about resources in their own community.

If you are interested in being listed as a resource for families of young children with disabilities, please complete the information on the CRD form. Please mail, email or FAX the information to Randelle Luster, AEIS Child Find Specialist. You may also contact Randelle if you are interested in additional information about the AEIS Central Resource Directory.

Knowing about all available resources is important to families and providers to best meet the needs of our infants and toddlers. You can help us compile the most comprehensive directory possible by making copies of the CRD form and sharing with other resources in your area.

The AEIS Central Resource Directory will be available from the website of Alabama's Early Intervention System, Department of Rehabilitation Services at <https://rehab.alabama.gov/services/ei>. Information about the CRD will also be available by contacting randelle.luster@rehab.alabama.gov or other state or regional early intervention staff.
